GENERAL INFORMATION

UniSQ Discovery Day for Year 7 and 8 Students

Last Tuesday 26th of August, our Year 7 and 8 students attended an inspiring Careers Education Day at the University of Southern Queensland's Toowoomba campus. The event offered students a unique opportunity to explore a wide range of career pathways through hands-on activities and engaging presentations.

Students delved into fields such as Nursing, Health Sciences, Aerospace, Sports Science, Allied Health, Animal Sciences, Science, Design, The Arts, and cutting-edge technologies including 3D printing and ultraviolet radiation investigation. Other engaging career activities included investigations in the food processing industry, working in the Law Society, and a career in Aviation including an experience in the flight simulator. The day was both educational and exciting, sparking curiosity and providing valuable insights into the many possibilities available for their future careers.

We would like to **thank UniSQ** for hosting such a dynamic and informative experience that helped our students begin to envision their journey beyond school.

"IT'S NOT WHAT YOU ACHIEVE, IT'S WHAT YOU OVERCOME. THAT'S WHAT DEFINES YOUR CAREER." CARLTON FISK
